

HELP YOUR KIDS THRIVE
WHEN SCHOOL'S OUT.

GeorgiaSummer.org

During the summer, your kids must continue to have access to healthy meals, safe environments, and educational opportunities so they can keep learning while school's out. Here's what you'll find:

- Meals in your community
- Safe, licensed summer programs
- Access to high-quality summer learning experiences
- Georgia Public Library Service's virtual summer reading program
- Childhood vaccine information
- Access to GPB's summer learning programs for families
- Free access to Capstone's interactive fun learning experiences
- Dozens of learning resources

Look Again. Never leave a child unattended in a vehicle. If you see a child alone in a vehicle, call 911.

Connect with other Georgians by using the hashtag **#SchoolsOutGA** to share your photos and stories.
